Leaper

Artist: Beliefs
Non-Airable Tracks: NONE
Label: Hand Drawn Duracula

Although it's hard for some Shoegaze music to keep my attention, there were some nice grooves on this album. It keeps a pretty dreamy mood throughout, and plays it safe melodically. There are standout tracks that play on the band's rock inspiration, like "Colour of Your Name." Great album to do some laundry to, which is exactly what I did.

Sounds Like: My Bloody Valentine
Sounds Like: Beach Fossils

Recommended Tracks:
Colour of Your Name - Nice Rock Inspired Chorus
