This album by Books only has two tracks, “In the Groove” and “Passage of Time.” I’m not a huge fan of funk, but I found this album to be pretty catchy. The introduction of “In the Groove” sounds like “Blurred Lines” by Robin Thicke and the track continues with an upbeat, funky beat with short vocals sprinkled throughout. “Passage of Time” is the slower and more relaxed track of the two, accompanied by classic instrumentals. Both tracks are around 6-7 minutes, but the changes in tempo keep them from getting too boring. Overall, not a bad album at all.

Sounds Like:
Blurred Lines - Robin Thicke

Recommended Tracks:
In the Groove - catchy, upbeat, funky
Passage of Time - classic instrumentals, slow and steady
